# Co-Branding Opportunities

2025

# Our Luci by BioLite Lights

**Luci taps into a source of light that's limitless and readily available to everyone on our planet – the sun. Advancements in renewable tech have given us the means to literally put the power of the sun into a device that fits in the palm of your hand.**

Luci lights have a rechargeable battery that is completely powered by the sun. One charge gives off hours of clean bright light.

# Our Solar String Lights

Hidden inside an expandable unit, with a weatherproof 18ft(5.5m) or 44ft(13.5m) string, durable bulbs, and mobile charging capabilities, our solar string lights are perfect for illuminating your space. Whether they're lighting up your tent, patio, or RV, our solar string lights are always ready to hang.

# Energy For All

BioLite has impacted more than 13.3 million people in more than 90 countries – providing clean, reliable light to those living without access to reliable electricity.

**13.3 million+**

people impacted

**3.1 million+**

US tons of CO<sub>2</sub> averted

**700+**

non-profit & NGO partners

# Co-branded Lights: **How It Works**

**Whether you'd like a custom light to sell in-store, as a unique and useful gift for employees, a lighting option for an event, or to use as a giveaway - our custom products have you covered.**

We offer co-branding at Factory levels allowing us to select the best option based on your artwork, timing, quantity, and pricing requirements:

## **Factory**

- Minimum of 2000 units
- 4 colors and ability to imprint on all sides
- 7-8 week\* turnaround time + shipping

\*Once final artwork is approved

# Co-branded Lights: Costs

In addition to regular purchase price, the following set-up costs will be applied to each factory co-brand order:
